3. Adopting the brainstorming method in presenting the lecture material and the .problems it contain
4. Opening the door for students to discuss and hear their opinions on the lecture topic

Teaching and learning methods

Giving lectures interactively with students -
Asking students questions related to the lecture topic -

Evaluation methods

Oral exam-
The written test-
Participate in the lecture

C- Emotional and value goals

- . C\)- Teaching students the skill of discussion
- .Cʸ- Developing positive thinking in dealing
- .Cʻ- Strengthening the spirit of participation and cooperation among students

Teaching and learning methods Daily lectures Asking questions during the lecture Use a regular pen and whiteboard
Evaluation methods Written tests , daily tests, and surprise tests
D- General and qualifying transferable skills (other skills related to employability and personal development) <ul style="list-style-type: none"> 1- Teaching students general theories and how to apply them to details in the legal text 2- Qualifying students to advance to the best jobs in the legal department and what the labor market requires 3- Enhancing students' confidence in expressing legal opinions objectively

Course structure					
Evaluation method	Teaching method	Name of the unit/topic	Required learning outcomes	hours	the week
Daily and monthly testing	Interactive lecture	Investigation	Students who are able to understand some important basics and use them in the later stages of study	٢	the first
Daily and monthly testing	Interactive lecture	Detective		٢	the second
Daily and monthly testing	Interactive lecture	Criminal evidence		٢	the third
Daily and monthly testing	Interactive lecture	Investigation procedures/new s		٢	the fourth
Daily and monthly testing	Interactive lecture	Examination of the accident site		٢	Fifth
